

TALLY OF VOTE OF TUESDAY IS NOW COMPLETE

Official Canvass Shows Annexation
Carried 13 to 1 and Bond
Issue 6 to 1.

Official returns of Tuesday's election canvassed today by the municipal commission shows that annexation carried by 13 to 1 and the \$75,000 bond issue for storm drains carried by 6 to 1.

The vote on annexation:
For, Against:
Men 894 66
Women 212 10

Total 1016 76
The vote on the bond issue:
For, Against:
Men 736 133
Women 203 20

Total 939 153
Women showed the better spirit, voting 20 to 1 for annexation and 10 to 1 for the bond issue, whereas the men voted 11 to 1 for the annexation and 6 to 1 for the bond issue. There were less than 1,000 votes cast. Appended is the count by precincts:

	Annex.	Bond.
First	25 5	24 4
Second	83 2	83 3
Third	24 5	24 5
Fourth	54 5	35 4

Twenty-fifth	24 7	26 2
Twenty-sixth	22 4	20 6
Twenty-seventh	30 2	25 3
Twenty-eighth	28 4	27 3
Twenty-ninth	39 7	34 11

ERIE

Lucille Lita, who was the guest of Marie Muesse the past two weeks, left Thursday for her home at Rock Island. She is the granddaughter of the late Mrs. John Beemer and during the lifetime of her grandmother her home was with her. Since then she lives with an aunt at Rock Island.

Mr. and Mrs. A. M. Peckham left Thursday for Denver, Colo., to visit their son, Charles Peckham and family. Their granddaughter, Miss Mabel Peckham, accompanied them there.

Mrs. George Bunn left last week for her home at Albuquerque, N. M., after spending two months with her mother, Mrs. S. B. Kaufman. She went by the way of Kansas City where she will visit her daughter, Mrs. Wheeler.

Mrs. Bertha Capen, another former Erie resident, who was the guest of Erie friends for several weeks, has gone to her home at Wenona, Ill., going by the way of Chicago, where she will spend two weeks with her sister.

Mrs. Frank Steele has sold her residence on Main street to Henry Sibley of Portland, Iowa.

Miss Letta Boon had for a guest the past week, Mrs. G. A. Miskell of Rock Island, Iowa.

M. R. Herwood, an Erie druggist, made a business trip to Chicago last week.

PINEAPPLE GROWERS ORGANIZE.
It is not generally known that pineapples can be grown in the United States, but in St. Lucie county, Fla., the industry has developed to such a degree that the growers have formed an association.

One of the purposes of the organization is to carry on experiments to determine, if possible, the cause of pineapple wilt. At the first meeting of the organization \$500 was subscribed by the members, and it is aimed to raise at least \$1,500 for this work.

It is believed that nearly a quarter of Australia has not been visited by civilized man.

ONE INCH RAIN FLOODS PAVING IN 30 MINUTES

Need of Storm Drains Voted in
Bond Issue Tuesday Shown
in Downpour.

Over one inch of rain fell in the space of a half hour last night. Between the time of 10 and 10:30 there was a terrific downpour. The official report gives 1.09 inches of rain. Practically the total precipitation occurred during the half hour. The storm was heralded by spectacular lightning flashes which for a time gave almost continuous light, and by heavy peals of thunder although by the time the rain arrived, the electrical storm had practically been broken. Many persons returning from the circus were caught in the rain.

At various points in the city, the streets were flooded from curb to curb. The sewers were unable to carry the water off as rapidly as the rain fell. In some places transportation could not be attempted because the streets were totally inundated.

Shows Drain Need.
Last night's rain proved conclusively that the electors made no mistake in voting the bond issue Tuesday for \$75,000, as drains in the east and west ends, as planned under the present projects, would have done much to prevent the inundation of streets.

Fair tonight and Friday with not much change in temperature. Friday, is the forecast of the weather bureau today.

VETERANS ORGANIZED.
Veterans of the G. A. R., Spanish-American, and world war, have organized a unit of the United Veterans of the Republic, here, and

say it will be the greatest soldier organization in this country within a few years.

Thousands are seeking membership in nearly every state in the union, units are being chartered, and preparations are now under way for the first national encampment and department encampments.

All honorably discharged soldiers of any war or campaign in which the country has been involved, are eligible to membership.

Meetings are held each Friday evening 8 p. m. in the Communist club hall, where those who would like to become charter members may do so Friday evening, as the charter list may be closed after that time.

All comrades welcome.
E. E. WILSON,
Commander.

FORMER SOLDIER CALLED IN DEATH

Robert Lee Brown, colored, aged 29 years and an ex-soldier of the United States army, died early this morning at the Municipal Tuberculosis sanitarium. He had no immediate relatives in this city although he had made his home here for several years.

When Brown entered service over a year and a half ago, he was taken with a record of good health. He went overseas on Feb. 18, 1918, serving there with the supply company, 365th infantry. He returned to this country Feb. 24, this year, and was discharged at Camp Grant. He was not a casual and gave no evidence of ill health, it is said.

Early in May, Brown sought the services of Dr. A. N. Mueller. He was advised to go to the sanitarium. He was put in St. Anthony's hospital pending more room at the tuberculosis house. Later he was removed there.

Brown was born in Benton, La., 29 years ago. Arrangements for funeral services are to be made when word is received from relatives living out of the city.

CAR CONCERN AT LAST ARRANGES PROMISED RUNS

Tri-City Company Will This Evening Give First of Trippers Agreed Upon.

This evening will see two new street cars gliding as trippers along the Watch Tower line, according to an announcement of John G. Huntoon, general manager of the Tri-City Railway company.

These cars are the first of those promised at a hearing of the public utilities commission in Moline at the time the 7-cent fare was granted the company. These two are for test, it is announced. One will leave the downtown district at 5:30 p. m., the other at 6:30 p. m., both being trippers. They will only operate to the Center station and back.

The railway company has yet to furnish trippers for the Elm street and Long View lines, for which promises were also made at the hearing. Also, the company promised to lower the tracks at one place on Eleventh street to allow for the carrying out of an old paving contract made by the former city administration of Rock Island. All these promises will be made good when practicable, Mr. Huntoon says.

**FEWER CUSTOMERS
TAKE OPPORTUNITY
TO GET FOODSTUFF**

Rock Islanders are not rushing to the postoffice to put in orders for army foods, as they did the first two days of this week. Yesterday, the third day of the sale,

\$600 worth of goods was purchased.

More than \$1,200 worth of foods has already been sold through the Rock Island quarters. Moline also reports that there were fewer customers for foods there on the second day.

Ninety-four orders were placed at the Davenport postoffice department for Tuesday. A total of \$1,021.07 was received for that day.

Of all animals dogs appear to evince the keenest musical susceptibility.

THE EYES ARE TERRIBLY ABUSED.

The more educated the people, the more they injure their eyes, because they do more reading and other forms of near eye work. Under such conditions the strongest eyes would be strained. But when it is remembered that most eyes are far from normal, the problem of eye health is still further complicated. The above should suggest the necessity for everyone to have his or her eyes examined for possible defects. Always at your service.
